

Kaito Yoshida

📍 Tokyo, Japan ✉ yoshida-kaito320@g.ecc.u-tokyo.ac.jp 🌐 yoshida320.github.io 📄 yoshida320

Education

- | | | |
|-----------|--|-----------------------------------|
| MS | The University of Tokyo , Earth and Planetary Science
• Expected graduation: Mar 2027
• Supervisor: Prof. Hiroyuki Kurokawa | Tokyo, Japan
Apr 2025–present |
| BS | The University of Tokyo , Earth and Planetary Science
• Thesis: 地球表層の硫黄循環の数値モデル
• Supervisor: Prof. Hiroyuki Kurokawa | Tokyo, Japan
Apr 2021–Mar 2025 |

Fellowships and Research Resources

- Jan 2026 – present, Graduate School of Science Master's student financial support program Rigakukei (Master's Excellence) RA, The University of Tokyo
- Jul 2026 – Mar 2027, NAOJ CfCA Personal Computer Cluster (PCC), accepted research project: 「系外地球型惑星の硫黄循環と観測的指標」

Research Assistantships (RA)

- Jan 2026 – present, RA, Theory Group: Modeling of planetary CO environments

Teaching Assistantships (TA)

- Apr 2026 – Jul 2026, Information
- Apr 2026 – Jul 2026, Active Learning of English for Science Students (ALESS)
- Oct 2025, Experiments in Earth Sciences

International Presentations

- K. Yoshida, H. Kurokawa, Y. Kawashima, Atmospheric sulfur chemistry on terrestrial exoplanets: dependence on water vapor abundance, outgassing rate, and host star spectral type, JpGU-AGU Joint Meeting, Oral, Chiba, May 2026.
- K. Yoshida, H. Kurokawa, Sulfur Cycle on Terrestrial Exoplanets: Constraining Habitability through Spectroscopy, International Conference on Exoplanets and Planet Formation, Poster, Shanghai, Dec 2025.

Domestic Presentations

- 吉田 海渡, 黒川 宏之, 川島 由依, 地球型系外惑星の硫黄循環: 大気分光観測によるハビタビリティ制約可能性, 系外惑星大気ワークショップ, 口頭, 滋賀, 2026 年 3 月.
- 吉田 海渡, 黒川 宏之, 地球型系外惑星の硫黄循環: CO 大気成因への示唆, CO world 全体会議, ポスター, 沖縄, 2025 年 10 月.
- 吉田 海渡, 黒川 宏之, 地球型系外惑星の硫黄循環: 大気透過光観測によるハビタビリティ制約可能性, 日本惑星科学会秋季講演会, 口頭, 東京, 2025 年 9 月.
- K. Yoshida, H. Kurokawa, Sulfur Cycle on Earth-like Exoplanets: Dependency on Host Stars and Surface Water Environments, and Implications for Constraining Habitability, 日本地球惑星科学連合大会, Poster, 千葉, 2025 年 5 月.
